WATCH letter-writing workshop

WATCH is a non-partisan community group advocating for stronger action on human-induced climate change

We engage with the community and people in positions of influence

What does WATCH do? We ...

- Advocate to all levels of government
- Assist people to express their concerns about climate change to decision makers
- Host events, campaigns, workshops, stalls, film-screenings and presentations
- Are a respected voice in the local media
- Liaise with a national network of climate action groups and environmental NGOs

How can you get involved?

- Visit our website:
